Ars Nova operates on the unceded land of the Lenape peoples on the island of Manhahtaan (Mannahatta) in Lenapehoking, the Lenape Homeland.

We acknowledge the brutal history of this stolen land and the displacement and dispossession of its Indigenous people. We also acknowledge that after there were stolen lands, there were stolen people. We honor the generations of displaced and enslaved people that built, and continue to build, the country that we occupy today.

We gathered together in virtual space to watch this performance. We encourage you to consider the legacies of colonization embedded within the technology and structures we use and to acknowledge its disproportionate impact on communities of color and Indigenous peoples worldwide.

We invite you to join us in acknowledging all of this as well as our shared responsibility: to consider our way forward in reconciliation, decolonization, anti-racism and allyship. We commit ourselves to the daily practice of pursuing this work.

ABOUT THE VISION RESIDENCY

Designed to foreground Ars Nova's values through the creation of more equitable and power-sharing curatorial practices, the Vision Residency expands Ars Nova's artistic vision by inviting seven artist-curators to populate our digital platform with their own work as well as work by artists they champion and admire.

Each Resident is given broad support from Ars Nova's full staff, and spends two months planning for one month of activity on Ars Nova Supra. Each Vision Resident is paid for their curation and administrative work, as well as allocated a program budget towards the creation, development and presentation of work during their curated month. Vision Residents are encouraged to invite other artists they feel inspired by, want to collaborate with or simply wish to amplify to make and share work using the budget and resources of the residency during their month of programming.

The 2020/21 Vision Residents are: Starr Busby, niHi douglas, JJJJerome Ellis, raja feather kelly, Jenny Koons, David Mendizábal & Rona Siddiqui.

Ars Nova's Vision Residency program is supported by The Miranda Family Fund.
